

BOULDER EMERGENCY SQUAD

Volunteer Membership Application

Thank you for expressing interest in becoming part of our organization!

We are a TEAM and we welcome everyone, but particularly those who thrive in a disciplined, team environment.

Our squad is always looking for new members who share our commitment to saving lives and property. Our website: www.boulderrescue.org covers a lot of information on what services we perform, and answers some of the most frequently asked questions from our applicants. Please take the time to review our website and let us know if you have any questions.

Do you want to volunteer to perform search and rescue? Read part A.

or

Do you want to volunteer behind the scenes in an administrative role? Read part B.

Part A: SEARCH AND RESCUE

Choose one

Rescuer

Rescuer members are the main body of individuals who are operational members. Rescuers train for and respond to emergency and non-emergency rescue incidents. Rescuer members have voting privileges.

Rescuers are trained in all areas of rescue. Activities include responding to emergency and non-emergency incidents, driving trucks, performing search and rescue duties, interacting with emergency agencies, and assisting with non-rescue tasks to help keep the organization functioning smoothly.

BES rescuers are required to attend a percentage of regular trainings on both Mondays and Saturdays each month. Work as a BES rescuer can be time consuming and strenuous, but also can be extremely rewarding.

Adjunct

Adjunct members are individuals with specialized skills who intend to supplement rescue operations in specific roles and capacities. Adjunct members are not eligible to be elected as Chief or appointed to a Field Officer position. Adjunct members are non-voting members.

Once accepted as an applicant, both the **Rescuer** and **Adjunct** member will be required to take orientation and candidate training. The training usually is in the form of an academy and optionally may be a self-paced informal process. The Candidate Academy is conducted on an as needed basis usually once per year. Applicants are welcome to apply and then attend meetings and trainings in advance of the academy.

Part B: ADMINISTRATIVE

We'd be delighted to have your help, lend a hand, share your expertise with our team!

Associate

Associate members assist with non-rescue related activities like administrative tasks. Associate members are non-operational and do not have voting privilege. This level of involvement allows for participation as a volunteer without the large time commitment as a rescuers. If applying for Associate member, then the Candidate training is waived.
